📍 Nashik

📅 1997/06/10

Profile

Front-End Developer with 3+ years of experience building responsive, SEO-friendly, and scalable web interfaces. Expert in translating Figma designs into high-performance UI components using HTML, CSS, JavaScript, and React.js. Proven track record of delivering user-centric solutions that enhance performance, visual appeal, and cross-browser functionality. Skilled in collaborating across UI/UX and back-end teams in Agile environments.

Professional Experience

10/2022 – present Nashik, India	Web Designer (Front-End Developer) <i>Aspirewebs & Informatics Pvt. Ltd</i> • Developed and maintained 15+ responsive websites using HTML, CSS, JavaScript, and Tailwind CSS, improving user engagement and load speed. • Translated complex Figma UI designs into clean, pixel-perfect, responsive components. • Created custom icons and reusable Tailwind component libraries for faster development and brand consistency. • Worked closely with UI/UX designers and backend developers to build scalable, accessible web interfaces. • Implemented SEO best practices across client projects to improve search visibility and traffic. • Conducted code reviews and promoted clean code practices within the team.
03/2022 – 09/2022 Nashik, India	Web Designer (Front-End Development Intern) <i>NextDigit Software</i> • Supported the development of mobile-responsive web pages using HTML, CSS, and JavaScript. • Translated static UI mockups into interactive, Bootstrap-based components. • Applied DOM manipulation and animation techniques for improved interactivity. • Assisted with website maintenance, visual design improvements, and bug fixes.
